

## ACCP (Core-ABR/S) Certification Paths

Every team, client, or company has its own unique training needs. Some organizations can't afford to have their people away for a full month, while others prefer an extended, uninterrupted learning experience. That's why we've made flexibility a central part of our training approach.

You're already familiar with the modular design of the ACCP (Core-ABR/S) certification track. Now, we're excited to introduce alternative certification paths—options you can choose from based on your team's availability, priorities, and learning style.

Path 1 Modular	Path 2 Condensed / Hybrid	Path 3 Intensive
<ul style="list-style-type: none"><li>✓ Steady pace</li><li>✓ Smaller blocks</li><li>✓ More flexibility</li></ul>	<ul style="list-style-type: none"><li>✓ Fewer blocks</li><li>✓ Larger sessions</li><li>✓ Balanced speed</li></ul>	<ul style="list-style-type: none"><li>✓ Fastest completion and onboarding</li><li>✓ Full immersion on ABR/S</li><li>✓ Highest learning momentum</li></ul>
Avaloq in a Nutshell	Avaloq in a Nutshell	ACCP (Core-ABR/S) Intensive Bootcamp <sup>NEW</sup>

## ACCP (Core-ABR/S) Coding Exam Is Now Ready!

The wait is finally over—the coding exam, the final milestone in the ACCP (Core-ABR/S) certification track, is now officially available.

This exam is designed to evaluate your problem-solving skills through scenarios based on real-world challenges commonly encountered in ABR/S projects. Successfully passing it demonstrates that you're ready to tackle these challenges and take the next step in your development journey within the Avaloq community.

If you've already passed the theory exam, you can now book your coding exam using the link below.
