

THE GLOBAL LEADER IN DATA-DRIVEN PERSONALIZATION AND CUSTOMER ENGAGEMENT FOR FINANCIAL SERVICES

Leading banks are looking to transform digital banking into the center of their customers' financial lives while delivering significant business impact.

Personetics enables banks to deliver on their key strategies:

- Increase customers' day-to-day engagement
- Strengthen customers' financial wellness
- Increase product penetration with contextualized digital sales offerings
- Drive share of wallet and deposit growth
- Empower agents and bankers within CRM Platforms

Personetics AI-powered technology is focused on proactive engagement - analyzing financial data in real-time, understanding individuals' **financial behaviors, anticipating** their needs and **acting on their behalf**.

Proactive engagement transforms the relationship between banks and their customers- and the results are remarkable:

- 35%** Increase in customer engagement
- 20%** Increase in accounts and balance growth
- 10%** YoY increase in digital sales of personal loans
- 17%** Increase in CTR - advice & product recommendation taken
